

Description

PE tarpaulin to cover temporary building fences

Fabric

Type HDPE tape fabric, LDPE coating

Fabric weight 140 g/m²

Tarp weight Ca. 160 g/m²

Tensile strength 515 N/5 cm

Tear resistance Warp 80 N / weft 100 N

Temperature resistance -40 / +80 C°

Execution

Size Finished size, +/- 2%

Finishing Hemmed with PP rope all around

Eyelets Aluminium, inner Ø 12 mm, interval 50 cm

Pull out strength eyelets 350 N

Packing Per piece in PE bag with leaflet

Size

1,76 x 3,41 m

Colours

Black, blue, green, white

Packing

20 pcs / box

Pallet

360 pcs
